EXPERIENCE

Center for Physical Therapy Wappingers Falls, NY — *Medical Billing Assistant*

JUNE 2021 - PRESENT

As a Medical Billing Assistant, I work exclusively in an office setting. I use medical billing software to bill patient records to well-known medical companies such as AETNA, Blue Cross Blue Shield, and MVP Health Care.

Arlington High School Lagrangeville, NY — *Computer Graphics Student Teacher*

SEPTEMBER 2022 - JUNE 2023

During my senior year of high school, I volunteered a block of time in my schedule to be a student teacher in an introductory Graphic Design course. I helped with lectures and assisted any student who needed help with their project.

EDUCATION

Arlington High School Lagrangeville, NY — *High School Diploma*

SEPTEMBER 2019 - JUNE 2023

Southern New Hampshire University Manchester, NH — *Bachelor of Science (In Progress)*

AUGUST 2023 - DEC 2026

Starting in August 2025, I will be a junior on-campus at Southern New Hampshire University studying Computer Science with a minor in Statistical Modeling and a concentration in Machine Learning.

PROJECTS

Flappy Bird VR — *A VR Game developed with Unity and C#.*

At the end of my second semester during my first year of college, I presented the first VR game I have ever made, this is also the first time I have had experience with Unity and C#. This project was shown at the first-year STEM department showcase.

SKILLS

- Machine Learning & Data Science
- R (Programming Language)
- Statistics / Statistical Modeling
- Database Systems
